## The scale and scope of the Accenture Global Delivery Network

The Accenture Global Delivery Network (GDN) is the largest and most diversified network in the world with more than 54 centers in 40 cities across four continents.

With a wide array of services in Systems Integration, Application Outsourcing, Infrastructure Outsourcing, Business Process Outsourcing and Technology Consulting,

we offer services and solutions for any scale job, on a global basis, and requiring one or multiple skills. The Accenture Delivery Center in Monterrey provides systems integration and application outsourcing services to a quickly expanding client base. The center was established mainly to serve clients in the

United States and leverages its strong collaboration with other offshore centers such as the Accenture Delivery Centers in India and the Philippines.

## Learn what makes the difference in your career

Join Accenture for a career that keeps you motivated and moving forward. Work on vital assignments for top-class clients and help them achieve high performance. Push yourself, while developing your skills and confidence. Work with the best people worldwide to solve problems and do what hasn't been done before.

Because of the nature and scope of Accenture's activities, we're not shaped like a traditional consulting firm. It's a complex matrix structure that provides our people with outstanding opportunities to develop highly sought-after skills in business, technical and functional areas that will help advance their careers.

### **Computerworld IT Leaders 2008**

Included Accenture's leaders for second year in a row.

### **BusinessWeek's Info Tech 100**

Top 20 company for third year in a row.

### **Fortune Magazine**

Accenture is rated as one of the Best 100 Companies to Work For in 2009.
