

Experienced Professionals

High performance. Delivered.

Mica
Manager, Finance and Accounting

• Consulting • Technology • Outsourcing

Hi, my name is Mica. I'm a Manager in Accenture. I am happily married and have two smart and confident kids. Working fulltime while raising children can be a bit of a challenge. But working at Accenture has given me the opportunity to enjoy the combination of family and working life.

As a Senior Manager and the Service Delivery Lead for one of Accenture's finance and accounting outsourcing deals, I oversee teams in various locations – from Accenture's delivery center in Manila to Bangalore, Bangkok and Dalian. Our client is one of the biggest multinational consumer company and we provide them with a full range of finance and accounting services.

Being a working mom, I have the flexibility to work from home once a week. A typical work from home includes checking my emails, attending a conference call while spending time with the kids. To help me achieve work-life balance, I also try to participate in the activities of the Accenture's Working Moms Organization as much as I can in my own little way.

What's best about Accenture? For me it's the real time rewards and recognition programs that encourage you to be the best you can be at all times, both professionally and personally.
